

ASHLEY DONSCHESKI

NURSE DIRECTOR OF MED SURG & OB

CELEBRATING 5 YEARS OF SERVICE AT CCMH

What is your favorite thing about your job or working at CCMH?

My favorite thing about working at CCMH is getting to care for the people I love, and also the loved ones of my friends and family. Whether I'm helping to bring a new life into the world, providing end of life care, or anything in between, the services we offer at CCMH are so special because we're a small, close-knit community.

Who are the most important people in your life?

The most important people in my life are my family members; they never give up on me, they always support me, and they motivate me to be better and want more.

What activities or pastimes do you enjoy?

I am a busy body -- you will rarely find me sitting at home! I like to workout, run, travel, be at the lake, watch my dad and brothers race, try new restaurants, spend time with my family, and shop!

What's the best advice anyone has ever given you?

"Never stop wanting more for yourself."

What 3 things can you not live without?

Coffee, exercise and music.
