

MARCY LARSON

SPECIALTY CLINIC MANAGER

CELEBRATING 30 YEARS OF SERVICE AT CCMH

Flashback to when you were 10 years old. What do you want to be when you grow up?

I wanted to be a teacher when I was young. I'm not sure when I changed my mind, but I don't think I would have been very good at that! I married one instead. I have a lot of friends who are teachers, and I admire them very much.

Who are the most important people in your life?

We now have six grandchildren, ages 7, 6, 5, 4, 3, and 9 months. They light up my life!

What type of music do you like to listen to?

I'm a big George Strait fan. I've seen him in concert 8 or 9 times. One of my new favorite country artists is Thomas Rhett.

What is your favorite thing about working at CCMH?

While I truly enjoy my work with all of our specialty providers, my passion is cardiology. I have been privileged to work with so many outstanding cardiologists from Creighton University Medical Center, Nebraska Medicine, and Methodist/Jennie Ed.

What's your next big life goal?

My next big life goal is retirement! Not sure when that will be, however. On my bucket list are things like a trip to Sweden to visit distant relatives that I still keep in touch with and perhaps Kansas City Chiefs season tickets!
